

# HARRY KARAMBIZI

FULL STACK WEB DEVELOPER - ATLANTA, GA

## EXPERIENCE

### Cater Carts, Atlanta, GA— *Founder*

JUNE 2014 - FEB 2017

Created an online and physical platform for local food pop-ups and micro-vendors to be able to collectively market and sell their unique and personal menus for catering in compliance with the local food service ordinances.

### PSAV, Atlanta, GA — *Sales Manager*

DEC 2012 - MAY 2014

Solicited and secured over \$2 million of business through a proactive, collaborative sales approach. Worked in conjunction with Operations manager, Project manager and Director of Technology to provide our hotel partner's client with the solution they needed. Led quarterly regional team member meetings with other sales managers and trained new hires as needed.

## EDUCATION

### General Assembly, Atlanta, GA — *Web Development Immersive*

FEB 2017 - MAY 2017

12 week, full-time career accelerator course with 600+ hours of professional training and practicum experience covering the full range of web development disciplines, practices, and tools.

### Georgia State University, Atlanta, GA — *B.S. Film & Video*

2007 - 2012

Minor in Hospitality Administration - Fairs, Festivals, and Expositions (J.Mack Robinson College of Business)

## PROJECTS

### **fifo App** - *Portfolio - Final Project*

Enterprise app for an Atlanta festival concessions company to manage and track inventory flow, eliminating overstocking and cutting over \$1,000 per event day on printing and added labor costs. Built with Ruby on Rails and an Angular front-end using Agile programming methodologies - ERD, Trello board, and Mockingbird wireframes.

### **Plate Swap** - *Portfolio - Group Project*

Using an Agile workflow and pair-programming, our group built a MEAN stack application for the Meal Swap community to easily post and claim swaps online. *Languages used: Angular JS, Bootstrap, Express, MongoDB, Node.JS.*
